RESUME OF STEPHEN JAUREGUI, JR.

Steve Jauregui was born in San Diego, California in 1925. He received the Bachelor of Arts degree with a major in mathematics in 1956 from the University of California at Berkeley.

Graduate study was done at the Naval Postgraduate School from 1958-62. He received the Master of Science degree with a major in mathematics in 1960. He received the degree of Doctor of Philosophy in 1962 in the field of binary compressive code sequences. He has completed additional graduate work at George Washington University in medical engineering.

Paralleling his education has been his career in the US Navy. He enlisted in 1942 as an apprentice seaman, rising through the enlisted, warrant officer, and officer ranks as an electronics technician/officer and an electronics warfare specialist. He retired as a Commander, in 1970 after almost 28 years of service, including sea tours and overseas shore billets. He has had teaching tours at Navy electronics schools and at the University of Oklahoma. He has served as inspection officer at civilian shipyards, and has held various research and development positions. Since retiring, he has acted as an engineering consultant to several firms. He has served on the OUTBOARD Steering Committee, the Bulldog Steering Group and the IASES Advisory Committee since retiring.

In 1971, he joined the faculty of the Naval Postgraduate School as an Associate Professor where he is teaching in the Department of Electrical Engineering. His current research interests are in coding theory applications, electronic warfare techniques, noise and interference and HF techniques.

Prof. Jauregui is a member of the Institute of Electrical and Electronics Engineers, the Mathematical Association of America, Sigma Xi, and Eta Kappa Nu.
